

Bathurst City Amateur Swimming Club

Qualifying Carnival

Sunday, 14th January 2024

Warm up – 8.00am, Start – 9.00am

WELCOME

It gives me great pleasure on behalf of the Bathurst City Amateur Swim Club to welcome you to the 2024 Bathurst City Annual Qualifying Meet.

Our committee and members are integral to the success of this meet and I thank them for their efforts in making the Bathurst carnival possible.

Thank you for your participation in our carnival. Please enjoy the racing.

Annette Press

Vice President/Race Secretary – Bathurst City Amateur Swim Club

TENTS/MARQUEES

Bathurst Aquatic Centre Management has requested that tent pegs are NOT used to secure shade tents and marquees. This practice has damaged the watering system in the past. Bathurst will provide some sandbags or similar in order to secure tents. **Please bring your own if you have them.**

TIMEKEEPING ROSTER

The following lane allocations are in place for the carnival in order for participating clubs to share the timekeeping duties. Your assistance is greatly appreciated.

Lane 7	Bathurst Swimming Academy	Bathurst Swimming Academy	Bathurst Swimming Academy	Bathurst Swimming Academy
Lane 8	Lower Blue Mountains	Lower Blue Mountains	Lower Blue Mountains	Lithgow/ Katoomba

Please note that two (2) timekeepers per lane are required at all times - Clubs not listed may still be called upon if needed.

As a timekeeper could you please note the following requests from meet officials;

- NO phones are to be used in the timekeeping area.
- Manual stopwatches be reset upon the first referees whistle of each race.
- Manual stopwatches are to be started upon the start signal for each race (including lanes without swimmers)
- After the start of a race, check that all stopwatches (electronic & manual) are running and functioning properly.

MEET PROCEDURES

ASSISTED SELF MARSHALLING

Bathurst City Amateur Swimming Club has decided to implement Assisted Self Marshalling at this meet. Check Starters will be available to assist, support and direct swimmers on the pool deck when requested by the swimmer. There will be Officials in the Marshalling/holding area who will indicate when the next heat is required to move to the chairs behind the blocks.

Swimmers are expected to know what event, heat and lane they will be swimming in from the published program and there will be copies of the race sheets posted in the Marshalling area.

In order to avoid congestion and ensure social distancing, please note that swimmers need only be available to enter the marshalling area or chairs behind the blocks four (4) heats prior to their heat for 50m, 100m and 200m events; and two (2) heats prior to their heat for 400m and 800m events. The first heat of sessions should report 5 minutes before the scheduled start time. There will be chairs at the start end of the pool and after the start of the previous heat, swimmers may progress to the next deck chair position without causing any interference to Technical Officials.

Swimmers will not be prevented from swimming if they only make it to their seat one heat prior to their event (this is a guide only to allow the event to flow). Leniency will be employed by Referees while this process is initially implemented.

Swimmers will need to leave any clothing so that it is able to be collected without re-entering the competition area after their event.

Coaches or parents are not permitted to be in the Marshalling Area. Refer Swimming New South Wales Ltd. Swimming Rule SW10.18.

In the event of there being sufficient withdrawal from the heats of an event, which would enable the number of heats to be reduced, the Referee may at their discretion either amalgamate heats by filling vacant lanes in a heat or heats with those swimmers whose heat has been cancelled or reseed the whole event.

All entrants in meets conducted by Swimming New South Wales must abide by, and be subject to all the rules, policies and procedures of the meet as decided from time to time by Swimming New South Wales Ltd.

RESULTS

Results will be published via the Meet Mobile application throughout the meet and a paper copy will also be available at the Recorder's table if needed. Final carnival results will be uploaded to Results Central after the carnival.

NOTE: Use of Meet Mobile will incur mobile data usage charges as per your mobile contract.

STARTING PROCEDURE

1. When the swimmers have been placed behind the starting platforms, the Starter/Announcer will announce the Event and Heat number, e.g. Event 4 Heat 3.
2. On the long whistle from the Referee, the swimmers shall step onto the starting platform and remain there. For Backstroke and Medley Relay events they shall immediately enter the water and a second long whistle shall bring them back to the starting position.
3. On the command "**Take your marks**", the swimmers will immediately take up their starting positions with at least one foot at the front of the starting platform, or in the case of a Backstroke or Medley Relay event, their starting position in the water and remain stationary.
4. When all swimmers are stationary the Starter shall give the starting signal.
5. Any swimmer starting before the starting signal has been given, shall be disqualified. If the starting signal sounds before the disqualification is declared, the race shall continue and the swimmer or swimmers shall be disqualified upon completion of the race. If the disqualification is declared before the starting signal, the signal shall not be given, but the remaining swimmers shall be called back and start again.
6. Swimmers must finish in the lane in which they start, and will remain in the water in their lanes at the finish of the event. On the signal from the Referee swimmers are to leave the water by the side of the pool.
7. In the 800 event, lap counters will be displayed at the turning end of the pool to advise the number of laps to be completed. A warning whistle will be given when each swimmer has two (2) lengths plus five (5) metres of the course to finish.
8. In an Individual Medley event, the sequence of strokes is Butterfly, Backstroke, Breaststroke, Freestyle.

NOTE: If, because of the length of the program, "starting over the top" is used, swimmers from the preceding heat are to move to the side of the lane, **against the finishing wall, and remain still**. When the next heat has started they should leave the pool by the sides as quickly as possible.

WARM UP PROCEDURE

In the interest of swimmers' safety, the following general pool procedures for the MAIN COMPETITION POOL must be observed throughout the meet:

All lanes in the Main Competition Pool, with the exception of lane 1 is NO DIVING, with entry to the lane "feet first, from a sitting position". Swimmers can only push start and should observe a "keep left" rule at all times.

Lane 1 (Start End) is reserved throughout the whole of the warm up period for dive sprints and walk backs. Swimmers must clear the lane immediately and must use caution when doing a Backstroke start.

In the final 10 minutes of Warm Up all lanes can be used for dive sprints.
